**Subject:** Air Samplers

---

Hello Mr. McQuiddy,

This Kenneth Lovato from Santo Domingo Tribe, I am emailing you in regards to the fire that is burning in New Mexico more specifically the Los Conchos and was told the EPA set up air monitors. I was wondering where the monitors were set up and if by chance any were set up with in the Santo Domingo Boundaries or in close proximity. I would also like to know if the data can be accessed by the Tribe. Thank you.
